03 04 05 06 07 08 09 10 11	My name's Bill Francart, and I represent the Mine Safety and Health Administration, which is an Agency of the U.S. Department of Labor. I am a member of MSHA's accident investigation team that is charged with the

15 Mine I	Number One.
-----------	-------------

16	This is a joint
17	investigation that MSHA is
18	conducting with the State of
19	West Virginia. And I'll be
20	asking the questions for MSHA
21	today. Here with me today are
22	other members of MSHA's team
23	and the State's team. MSHA's
24	team includes various
25	specialists and members of the
01	Solicitor's Office. And at
02	this time, I'd like to ask
03	each of those representatives
04	to introduce themselves for
05	the record.
06	ATTORNEY BELL:
07	Keith Bell, Arlington,
08	Virginia.
09	MR. WEBB:
10	Good afternoon, Chad.
11	I'm Anthony Webb, District Six
12	in Pikeville, Kentucky.
13	MR. STAHLHUT:
14	Ron Stahlhut, MSHA of
15	Vincennes, Indiana.
10	

16 MR. FINNIE:

- 17 Mike Finnie, MSHA of
- 18 Madisonville, Kentucky.
- 19 MR. TJERNLUND:
- 20 Derrick Tjernlund, MSHA
- 21 Tech Support, Triadelphia.
- 22 MR. BURKE:
- 23 I'm Tony Burke with
- 24 MSHA out of Whitesburg,
- 25 Kentucky.
- 01 MR. FRANCART:
- 02 Again, I'm Bill
- 03 Francart, and I'm out of the

- 04 Pittsburgh, Pennsylvania
- 05 office. Also here today
- 06 representing the State of West
- 07 Virginia is Mr. Bill Tucker to
- 08 my immediate left. And he'll
- 09 be asking questions for the
- 10 State. At this time, he also
- 11 has an opening statement for
- 12 you.
- 13 MR. TUCKER:
- 14 Appreciate you coming
- 15 in today, Chad. The West
- 16 Virginia Office of Miners'
- 17 Health, Safety & Training is
- 18 conducting this interview
- 19 session jointly with MSHA.

- 20 We're in agreement with the
- 21 procedures outlined by Mr.
- 22 Francart. However, let me
- 23 make it clear that the
- 24 Director reserves the right,
- 25 if necessary, to call or

01	subpoena witnesses or require
02	the production of any record,
03	document, photograph or other
04	relevant materials necessary
05	to conduct this investigation.
06	Again, my name is Bill Tucker,
07	and I'm with Miners' Health,
08	Safety & Training. I work out
09	of the Oak Hill office.
10	MR. WHITE:
11	Eugene White. I'm a
12	District Inspector out of
13	Region Three in Danville.
14	MR. PHILLIPS:
15	C.A. Phillips, Deputy
16	Director of Charleston, West
17	Virginia
18	MS. SPENCE:
19	Beth Spence with the
20	Governor's Office.
21	MR. FRANCART:

22	We had one more member
23	of our team from MSHA enter
24	the room just now. I'd like
25	to have him introduce himself

- 01 to you.
- 02 MR. POGUE:
- 03 Charlie Pogue with
- 04 MSHA, Hunker, Pennsylvania.
- 05 MR. FRANCART:
- 06 This investigation is
- 07 being conducted by MSHA and
- 08 the State of West Virginia to
- 09 gather information to
- 10 determine the cause of the
- 11 accident and to help prevent
- 12 this from happening in the
- 13 future. Interviews are an
- 14 important part of our
- 15 investigation. After the
- 16 investigation is completed,
- 17 MSHA will issue a written
- 18 report detailing the nature
- 19 and the causes of the
- 20 accident. MSHA accident
- 21 reports are made available to
- 22 the public in the hope that
- 23 greater awareness about the
- 24 causes of such accidents can

25 reduce their occurrence in the

- 01 future. The information
- 02 obtained through witness
- 03 interviews is frequently
- 04 included in these reports.
- 05 And your statement may also be
- 06 used in other enforcement
- 07 activities.
- 08 I would like to thank
- 09 you in advance for your
- 10 appearance here today. And we
- 11 appreciate your assistance in
- 12 the investigation. The
- 13 willingness of miners and mine
- 14 operators to work with us is
- 15 critical to our success in
- 16 making the nation's mines
- 17 safer.
- 18 This interview with
- 19 Chad Evans is being conducted
- 20 under Section 103(a) of the
- 21 Federal Mine Safety & Health
- 22 Act of 1977 as part of an
- 23 investigation by the Mine
- 24 Safety and Health
- 25 Administration into the

- 01 conditions, events and
- 02 circumstances surrounding the
- 03 fatalities that occurred at
- 04 the Aracoma Alma Mine Number
- 05 One located at Route 17 North,
- 06 Bandmill Hollow Road,
- 07 Stollings, West Virginia,
- 08 25646.
- 09 This interview is being
- 10 conducted at the State of West
- 11 Virginia Department of
- 12 Environmental Protection
- 13 Division of Mining and
- 14 Reclamation at 1101 George
- 15 Kostas Drive, Logan, West
- 16 Virginia, 25601. Today's date
- 17 is April 11th?
- 18 ATTORNEY BELL:
- 19 11th.
- 20 MR. FRANCART:
- 21 And current time is
- 22 1:03 p.m.
- 23 Mr. Evans, can I call
- 24 you Chad?
- 25 MR. EVANS:

- 01 Yeah.
- 02 MR. FRANCART:
- 03 Thank you. The

- 04 interview will begin by asking
- 05 you a series of questions.
- 06 Feel free at any time to
- 07 clarify any statements that
- 08 you make to answer those
- 09 questions. After we have
- 10 finished asking questions, you
- 11 will have an opportunity to go
- 12 back and make a statement of
- 13 your own and provide us any
- 14 other information you think
- 15 may be important to the
- 16 investigation.
- 17 You are permitted to
- 18 have a representative with you
- 19 during the interview, and you
- 20 may consult with your
- 21 representative at any time.
- 22 You may designate any person
- 23 to be your representative.
- 24 And following the questions by
- 25 MSHA and the State, your

- 01 representative would be given
- 02 the opportunity to ask
- 03 questions for purposes of
- 04 clarification on areas already
- 05 discussed.

06	Your statement is
07	completely voluntary, and you
08	may refuse to answer any
09	question at any time or end
10	your interview at any time if
11	you wish. If you don't
12	understand a question, please
13	let us know and we'll try to
14	rephrase that to make it clear
15	as to what our intentions are.
16	If you need a break at any
17	time, for any reason, let us
18	know and we'll take a break.
19	You may request the
20	opportunity to make a
21	confidential statement in lieu
22	of this interview today, which
23	we will withhold from the
24	public to the extent allowed
25	by law. Should you desire to
01	give a confidential statement,
02	you should advise us before we
03	begin the interview so that we
04	can properly consider your
05	request. Do you want a
06	confidential interview?
07	MR. EVANS:
08	No.

09	MR. FRANCART:
10	We do have a court
11	reporter here today who will
12	record your interview and
13	later produce a written
14	transcript of the interview.
15	We ask that you state all your
16	questions state all your
17	answers to our questions
18	verbally so that the court
19	reporter can record them
20	properly. She can't get
21	gestures, such as nodding your
22	head or phrases such as uh-
23	huh.
24	MR. EVANS:
25	Okay.
01	MR. FRANCART:
02	It's difficult.
03	Neither the transcript of the
04	interview nor the content of
05	the interview will be released
06	to the public or the media
07	until MSHA's final accident
	until MSHA'S linal accident
08	investigation report is issued
08 09	

11 hearing may take place.

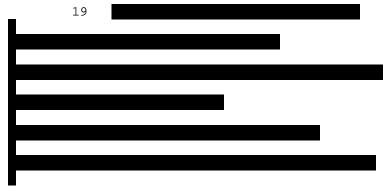

T T	mearing may cake prace.
12	If any part of your
13	statement is based not on your
14	own firsthand knowledge but on
15	information that you've
16	learned from someone else,
17	please let us know. Please
18	answer each question as fully
19	as you can, including any
20	information you may have
21	learned from someone else. We
22	may not ask the particular
23	questions we need to ask to
24	learn what you know. So if we
25	don't, feel free to let us
01	know what you know. Do you
02	have any questions about the
03	manner in which the interview
04	will be conducted?
05	MR. EVANS:
06	No.
07	MR. FRANCART:
08	We'll ask now that the
09	court reporter swear in the
10	witness.
11	
12	CHADWICK EVANS, HAVING FIRST BEEN

13 DULY SWORN, TESTIFIED AS FOLLOWS:

15 BY MR. FRANCART:

- 16 Q. Chad, could you please state
- 17 your full name and address for the
- 18 record, please?

25 Q. And could you please spell

19

- 01 your last name for the record?
- 02 A. E-V-A-N-S.
- 03 Q. Chad, are you appearing

04 voluntarily at the interview today?

- 05 A. Yeah.
- 06 Q. Has anyone made any promises
- 07 to you for giving this statement or
- 08 offered you any reward in exchange
- 09 for your statement today?
- 10 A. What do you mean?
- 11 Q. Has anyone offered you any
- 12 money ---
- 13 A. No.
- 14 Q. --- to come in or offered to
- 15 buy you dinner or ---?

- 16 A. No.
- 17 Q. Okay. Has anyone threatened
- 18 you or warned you not to provide a
- 19 statement today?
- 20 A. No.
- 21 Q. You understand that you may
- 22 refuse to answer any question at any
- 23 time or end the interview at any
- 24 time?
- 25 A. Yeah.

- 01 Q. And do you have a
- 02 representative with you today?
- 03 A. Yeah, Dave Hardy.
- 04 Q. Okay. And when did you first
- 05 meet Mr. Hardy?
- 06 A. About two days ago, I think,
- 07 the day ---. I can't remember.
- 08 Yesterday? I think yesterday.
- 09 Q. And how did your meeting come
- 10 about?
- 11 A. That Webb guy called me and
- 12 told me to get ahold of the mines.
- 13 And I went to the mines and told them
- 14 you all got in contact with me, and
- 15 yeah, I wanted a representative.
- 16 They gave me Dave.
- 17 Q. So you went to the company and
- 18 asked for a representative?

- 19 A. Yeah.
- 20 Q. And they suggested that Mr.
- 21 Hardy would be your representative?
- 22 A. Yeah.
- 23 Q. So you went to them to ask for

- 24 a representative, but no one in
- 25 particular?
- 01 A. No.
- 02 Q. Okay. You made the decision
- 03 though for Mr. Hardy to be your
- 04 representative?
- 05 A. Yes.
- 06 Q. Have you been made aware that
- 07 Mr. Hardy also represents the company
- 08 in the matter and there may be a
- 09 potential for a conflict of interest
- 10 between you and the company to arise?
- 11 A. Well, I'll say, I don't care
- 12 if they know.
- 13 Q. But you're aware that there
- 14 could be a conflict of interest that
- 15 may come about because of his
- 16 representation of the company in this
- 17 matter?
- 18 A. What, between me and the
- 19 company?
- 20 Q. Yes.

- 21 A. Yeah.
- 22 Q. That's been explained to you?
- 23 A. No.
- 24 Q. Do you want to proceed with
- 25 Mr. Hardy representing you despite

- 01 that potential ---
- 02 A. Yes.
- 03 Q. --- for a conflict of
- 04 interest?
- 05 A. Yeah.
- 06 Q. Has anyone interviewed you
- 07 from the company regarding the
- 08 accident ---
- 09 A. No.
- 10 Q. --- to date? Chad, how long
- 11 have you worked at Aracoma?
- 12 A. August 12th will make it three
- 13 years, so however it comes out from
- 14 there to now. August 12th is when I
- 15 started.
- 16 Q. And what's your current job
- 17 title?
- 18 A. I'm running a tractor.
- 19 Q. Tractor, is that a supply
- 20 tractor?
- 21 A. Yeah.
- 22 Q. And how long have you been
- 23 working in that capacity?

- A. I can't remember.
- 25 Q. Have you done other things at

- 01 the mine besides that?
- 02 A. Yeah. I've run motor.
- 03 Q. Was that while they had track
- 04 or was that all diesel power?
- 05 A. Track.
- 06 Q. On the track also?
- 07 A. Yeah.
- 08 Q. Any other jobs that you've had
- 09 beside that?
- 10 A. Since I was with Massey?
- 11 Q. Uh-huh (yes).
- 12 A. Well, ran a shearer.
- 13 Q. You ran the shearer on the
- 14 face?
- 15 A. Uh-huh (yes).
- 16 Q. That's on the longwall face
- 17 ---
- 18 A. Yeah.
- 19 Q. --- just for the record? And
- 20 have you worked different shifts?
- 21 Have you always worked one particular
- 22 shift or do you rotate shifts?
- 23 A. Rotate every now and then.
- 24 Q. What currently are you
- 25 working?

- 01 A. Dayshift.
- 02 Q. Dayshift right now. On the
- 03 19th, if we could go back, what was
- 04 your position on the 19th? Were you
- 05 still running supplies?
- 06 A. Yeah.
- 07 Q. And are you considered a
- 08 member of mine management? Are you a
- 09 supervisor?
- 10 A. No.
- 11 Q. Do you have any state or
- 12 federal mine certifications or
- 13 qualifications?
- 14 A. Just my underground card.
- 15 Q. And how many total years of
- 16 mining experience do you have?
- 17 A. Ten years.
- 18 Q. Ten years?
- 19 A. I think.
- 20 Q. What other mines have you
- 21 worked at?
- 22 A. Some of the continuous, a
- 23 couple other mines, the DOH. I can't
- 24 remember any others.
- 25 Q. Were any of those Massey
- 01 mines?
- 02 A. No.

- 03 Q. You mentioned before you
- 04 operated the longwall shearer. Was
- 05 that at this mine?
- 06 A. About a week.
- 07 Q. For just a week? Was that
- 08 vacation time or was that ---?
- 09 A. Yeah.
- 10 Q. So you're filling in or was
- 11 that a permanent move for you?
- 12 A. Fill in.
- 13 Q. It was just a fill in. Have
- 14 you run the shearer at other mines?
- 15 A. Yeah.
- 16 Q. So what are your duties today
- 17 as far as hauling supplies? You load
- 18 the supplies outside and unload them
- 19 underground?
- 20 A. Yeah.
- 21 Q. And who is your supervisor?
- 22 A. Rod Morrison. One of the mine
- 23 bosses anyway.
- 24 Q. Okay. And what other areas of
- 25 the mine do you normally supply?

- 01 A. The longwall.
- 02 Q. Just the longwall?
- 03 A. I mean, if they need something
- 04 on the section, must have it, you

- 05 know, I take it up there.
- 06 Q. So you would haul anywhere
- 07 from bits to rock dust?
- 08 A. Yeah.
- 09 Q. Anything that's supplied
- 10 underground, you would potentially
- 11 haul?
- 12 A. Yeah.
- 13 Q. When you haul supplies in,
- 14 where do you normally pick up the
- 15 supplies? Is it in the box cut or
- 16 outside the box cut?
- 17 A. It's sometime in the box cut
- 18 on top of the hill.
- 19 Q. Do you ever pick up supplies
- 20 and take them in the Rum Creek
- 21 portal?
- 22 A. No.
- 23 Q. Always through the box cut?
- A. Yeah.
- 25 Q. Besides hauling supplies, do

- 01 you ever have need or has anybody
- 02 assigned you to make changes to
- 03 ventilation controls underground?
- 04 A. No.
- 05 Q. And when you travel
- 06 underground, you have to go trough
- 07 airlock doors occasionally?

- 08 A. Yeah.
- 09 Q. When you go through those
- 10 doors, are they always installed in
- 11 pairs?
- 12 A. Yeah.
- 13 Q. And they're always closed when
- 14 you get to them?
- 15 A. Yeah.
- 16 Q. And you leave them closed when
- 17 you leave?
- 18 A. Yeah.
- 19 Q. Prior to the 19th, what was
- 20 the last shift you worked at the
- 21 mine?
- 22 A. Dayshift.
- 23 Q. And that was on the 18th?
- A. I don't --- what day was it?
- 25 Q. Well, did you work on the

- 28
- 01 19th? That was the day of the fire.
- 02 A. Yeah.
- 03 Q. It would have been a Thursday.
- 04 A. Dayshift.
- 05 Q. And did you work the day
- 06 before on the 18th also?
- 07 A. Dayshift.
- 08 Q. What were you doing on the
- 09 19th, do you remember?

- 10 A. Delivering props.
- 11 Q. Props?
- 12 A. Yeah.
- 13 Q. And to where would that be?
- 14 A. Ten tail, Nine tail, something
- 15 like that.
- 16 Q. This map on the wall, does
- 17 this help you at all if we show you
- 18 where the longwall is?
- 19 A. Yeah.
- 20 Q. Do you want to just mark on
- 21 here Exhibit A? If you could ---
- 22 this is the longwall headgate,
- 23 longwall tailgate, which is Nine
- 24 tailgate. This would be Ten
- 25 headgate, which would be the next

- 01 headgate that's being installed.
- 02 A. Okay.
- 03 Q. So can you tell me from this
- 04 map where you would have been taking
- 05 those supplies?
- 06 A. Yeah, it would --- Nine
- 07 tailgate there.
- 08 Q. Nine tailgate?
- 09 A. Yeah.
- 10 Q. Okay.
- 11 MR. FRANCART:
- 12 This will be Exhibit A

- 13 Evans.
- 14 (Evans' Exhibit A
- 15 marked for
- 16 identification.)
- 17 BY MR. FRANCART:
- 18 Q. And Nine tailgate --- would
- 19 you mind coming up to the map just
- 20 for a minute? I'm going to hand you
- 21 a marker. If you don't mind, if you
- 22 could show me where you delivered
- 23 these supplies to, these props in the

- 24 Nine tailgate?
- 25 A. Right where the door was at.
- 01 Right here.
- 02 Q. Well, I'm not sure that this
- 03 map accurately portrays all the
- 04 ventilation controls and doors that
- 05 are in the mine. But to the best of
- 06 my knowledge, it does. So ---.
- 07 A. I went through a set of
- 08 airlock doors somewhere in here or
- 09 here.
- 10 Q. And we have a door here in
- 11 Number Three entry of Nine tailgate
- 12 and then you have airlock doors inby
- 13 in the next crosscut, so you could
- 14 have gone through some of those

15	doors.

16	A. No. I come all I done is	
17	come down here. They told me just to	
18	go a couple breaks down and load the	
19	stuff off. And I was coming down in	
20	here just to find me a good break	
21	right in here somewhere.	
22	Q. Do you have any idea how many	
23	breaks inby this door you would have	
24	come in?	
25	A. Not really, no. I got hung up	
		31
01	in the mudhole somewhere right in	
02	here. It was about quitting time. I	
03	was they told me to cut the	
04	breaks, I was told to get out, get	
05	dayshift.	
06	Q. So if you could mark on the	
07	map here somewhere approximately	
08	where you dumped the props and label	
09	that as props? Just put an X on the	
10	map.	
11	WITNESS COMPLIES	
12	A. Now, this I ain't too sure	
13	about this.	
14	BY MR. FRANCART:	
15	Q. Well, we're not we're	
16	looking for an approximate here to	

- 18 A. How do you spell props?
- 19 Q. P-R-O-P-S.
- 20 A. P-S?
- 21 Q. P-S. Thank you. And while
- 22 you're here, maybe we'll just have
- 23 you go ahead and sign and date the
- 24 map, up here somewhere. And today,
- 25 again, is April 11th.

- 01 WITNESS COMPLIES
- 02 BY MR. FRANCART:
- 03 Q. Thank you. You say you
- 04 delivered those props at the end of
- 05 your shift?
- 06 A. Yeah.
- 07 Q. Is there anything you did
- 08 earlier in the shift that stands out
- 09 in your mind?
- 10 A. No. You know, I mean, it was
- 11 so long ago.
- 12 Q. It's been a while.
- 13 A. I'm just lucky to remember
- 14 what I do.
- 15 Q. I can understand. How about
- 16 the construction project of that 72
- 17 belt --- 72-inch belt construction
- 18 that's on the inby side? Also on
- 19 this map you see the Number Seven

- 20 belt's marked 72-inch belt? They're
- 21 extending that belt line down through
- 22 the Ten headgate to dump on?
- 23 A. Okay.
- 24 Q. Have you hauled supplies into
- 25 that area before?

- 01 A. I can't remember.
- 02 Q. Have you hauled belt structure
- 03 up there, do you know?
- 04 A. No.
- 05 Q. When you travel in with
- 06 supplies, you usually travel in north
- 07 mains?
- 08 A. What do you mean north mains?
- 09 Q. North mains is the set of
- 10 entries that ---.
- 11 A. Okay.
- 12 Q. It doesn't have the whole mine
- 13 on here, but this would come out ---
- 14 north mains would come out to the box
- 15 cut, to the Threeway.
- 16 A. Uh-huh (yes).
- 17 Q. So you would come into the
- 18 Threeway, to the Fourway, the first
- 19 Fourway?
- 20 A. Yeah.
- 21 Q. You come up north mains and
- 22 have to cross over that 72-inch belt

23 in north mains somewhere. You have

24 airlock doors through there that you

25 traveled through?

- 01 A. I can't remember. I know we
- 02 got them now. I don't know if we got
- 03 them --- had them before. I can't
- 04 remember.
- 05 Q. Okay.
- 06 A. I don't --- I ain't up in that
- 07 neighborhood much.
- 08 Q. I think before we ask about
- 09 airlock doors, you've always found
- 10 them closed when you've come to them?
- 11 A. Yeah.
- 12 Q. And closed them behind you
- 13 though?
- 14 A. Yes.
- 15 Q. And when you traveled to
- 16 northeast mains, you have to travel
- 17 through that mother drive area on the
- 18 longwall headgate?
- 19 A. Yeah.
- 20 Q. Those doors have always been
- 21 closed also?
- 22 A. Yeah.
- 23 Q. And you've closed them behind
- 24 you?

25 A. Yes.

01	Q. Okay. Did you travel through
02	that mother drive area on the 19th
03	when you delivered your supplies?
04	A. Yes.
05	Q. Did you happen to notice
06	anything in the headgate area
07	A. No.
08	Q unusual?
09	A. No.
10	Q. Do you remember who was
11	working in that area? Did you see
12	anyone working in that area?
13	A. I can't remember.
14	Q. That's okay. Have you
15	recently I guess, not recently,
16	but just prior to the 19th, are you
17	familiar with the Four Right area?
18	That's the back bleeder for the
19	longwall panels?
20	A. I mean, I don't know what
21	you're talking about. I mean, I
22	ain't
23	MR. FRANCART:
24	See if we have a map of
25	that back there, Derrick.

01 Let's see if we can get a

- 02 bigger mine map up here for
- 03 you to show you that area.
- 04 BY MR. FRANCART:
- 05 Q. That would have been the ---
- 06 it's old Three section. It's also
- 07 called old Three section.
- 08 A. Okay. I don't recall that.
- 09 Q. Okay. Have you hauled
- 10 supplies into that area at all?
- 11 A. Up to Billy.
- 12 Q. And where was he working at
- 13 that time?
- 14 A. Just a couple breaks up in
- 15 there.
- 16 Q. So that would be inby the
- 17 mouth of old Three section off of the
- 18 mains? We'll get a map up here and
- 19 show you. It may be a little bit
- 20 easier for you.
- 21 MR. FRANCART:
- 22 I'm going to go ahead
- 23 and mark this as Exhibit B
- 24 Evans.
- 25 (Evans' Exhibit B

- 01 marked for
- 02 identification.)
- 03 BY MR. FRANCART:

- 04 Q. And if you wouldn't mind
- 05 coming up to the board one more time
- 06 here? This is Four Right or old
- 07 Three section. And if you cold mark
- 08 where you've taken supplies in there.
- 09 A. About right in here somewhere.
- 10 Q. If you could just put an X
- 11 there again?
- 12 WITNESS COMPLIES
- 13 A. It was somewhere in here.
- 14 BY MR. FRANCART:
- 15 Q. And do you remember what
- 16 supplies you hauled into that area?
- 17 If you could just then maybe mark
- 18 supplies in this area of the longwall
- 19 gob and then draw a line to that X?
- 20 WITNESS COMPLIES
- 21 BY MR. FRANCART:
- 22 Q. Okay. Thank you. When you
- 23 hauled supplies into the old Three
- 24 section, Chad, did you have airlock
- 25 doors in there also to travel

- 01 through?
- 02 A. Yeah, about where I went
- 03 through I do.
- 04 Q. Have you ever delivered
- 05 supplies to any area of the mine
- 06 where you did not have airlock doors,

- 07 where you had to pass through a
- 08 stopping?
- 09 A. No.
- 10 Q. You didn't have to go in and
- 11 knock down a stopping to go through
- 12 and rebuild it?
- 13 A. No.
- 14 Q. Are you familiar with those
- 15 airlock doors in old Three section,
- 16 how they operate?
- 17 A. I just know --- no, not
- 18 really. I mean, I guess all that
- 19 back in the return. I don't know.
- 20 Q. Did you ever have trouble
- 21 opening the doors? Are they hard to
- 22 pull or push?
- 23 A. No. Just more like the box
- 24 cut.
- 25 Q. Are you aware of any time that
- 39
- 01 you've been asked to go back in the
- 02 mine to check on whether or not
- 03 airlock doors have been left open
- 04 anywhere for any reason?
- 05 A. No.
- 06 Q. Have you ever heard anyone
- 07 discuss air reversals caused by open
- 08 doors?

09 A. No.

- 10 Q. Have you heard of anyone
- 11 talking about open doors affecting
- 12 air flow in the longwall belt?
- 13 A. No.
- 14 Q. And you said you did work on
- 15 the 18th also, the day before the
- 16 fire?
- 17 A. My best knowledge, I did.
- 18 Q. Are you aware of any
- 19 ventilation changes that may have
- 20 been made on midnight shift of the
- 21 18th? That would have been the
- 22 morning of the day that you worked on
- 23 the 18th?
- 24 A. No.
- 25 Q. Do you recall if you hauled

- 40
- 01 any stopping materials in to the mine
- 02 on the 18th?
- 03 A. I can't remember.
- 04 Q. Do you haul stopping supplies
- 05 occasionally also?
- 06 A. Every now and then.
- 07 Q. Like cinder block or concrete
- 08 blocks?
- 09 A. Yeah.
- 10 Q. Mortar and sealant, plaster?
- 11 A. Just plaster, no mortar.

- 12 Q. So the only thing you know
- 13 about the timber sets in Nine
- 14 tailgate is that you take supplies
- 15 and drop them off?
- 16 A. Yeah.
- 17 Q. And then you leave, is that
- 18 about it?
- 19 A. (Indicates yes.)
- 20 Q. We had you at the map on Nine
- 21 tailgate. You said you weren't
- 22 exactly sure which doors you went in
- 23 and out. Is that travelway pretty
- 24 well marked for you, that you can see
- 25 where you are underground? I know

- 01 it's hard to relate that to a map up
- 02 here. But when you're underground,
- 03 can you tell where you're supposed to
- 04 go?
- 05 A. I just try to find it. I
- 06 mean, if I'm in a new strange area, I
- 07 just try to find my way.
- 08 Q. Okay. Has anyone ever
- 09 discussed with you what the
- 10 consequences would be of leaving two
- 11 equipment doors open, one set of
- 12 airlock doors?
- 13 A. I've been told not to leave

- 14 them open.
- 15 Q. Did they tell you why?
- 16 A. Dealing with the air.
- 17 Q. Who was that? Do you know?
- 18 A. No. I mean, I know you don't
- 19 leave airlock doors open.
- 20 Q. Okay. In Nine tailgate, there
- 21 is a mine phone installed near the
- 22 longwall face. Do you have any idea
- 23 why that phone's there?
- 24 A. No.
- 25 Q. You ever have an occasion to

- 01 travel the tailgate?
- 02 A. No.
- 03 Q. So you haven't hauled any
- 04 supplies into the tailgate for ---
- 05 A. No.
- 06 Q. --- any reason? When did you
- 07 first learn about the fire, Chad?
- 08 A. I know after I come back from
- 09 Lowe's.
- 10 Q. From Lowe's?
- 11 A. Yeah.
- 12 Q. So you had worked dayshift and
- 13 went home for the day?
- 14 A. Yeah.
- 15 Q. And you went to Lowe's and
- 16 then when you returned to your home,

- 17 you found out?
- 18 A. Yeah, my wife told me it was
- 19 across the news or something.
- 20 Q. Okay. And did you work the
- 21 next day on the 20th?
- 22 A. Yeah.
- 23 Q. What did you do on the 20th?
- 24 A. I took --- let's see, I took
- 25 some foam stuff with the mine rescuer

- 01 team for where they was at.
- 02 Q. So again, you're hauling
- 03 supplies to the rescue team?
- 04 A. Yeah.
- 05 Q. Were you aware of any problems
- 06 in the longwall on the 19th?
- 07 A. No.
- 08 Q. So when you heard about the
- 09 fire, was it a complete surprise to
- 10 you?
- 11 A. Yes.
- 12 Q. Had you heard of any problems
- 13 on the longwall belt anytime in the
- 14 past?
- 15 A. No.
- 16 Q. Are you aware of anything that
- 17 may have happened on December 23rd,
- 18 2005?

- 19 A. No.
- 20 Q. There was a radio interview
- 21 with Brandon Conley. Do you know
- 22 Brandon?
- 23 A. No.
- 24 Q. So you don't know anything
- 25 about what happened on that day that

- 01 he described in his interview?
- 02 A. No.
- 03 Q. Heard any talk around the mine
- 04 about other things that have happened
- 05 in that headgate area at the drive?
- 06 A. No.
- 07 Q. Do you know who posts the
- 08 escapeway reflectors in the
- 09 designated escapeways in the mine?
- 10 A. No.
- 11 Q. Have you ever taken part in an
- 12 escapeway drill?
- 13 A. No. I know I'm in escapeways
- 14 every day.
- 15 Q. And how are they marked, do
- 16 you know?
- 17 A. Yellow reflector for secondary
- 18 and green for intake, the main one.
- 19 Q. What do you see when you're
- 20 going the wrong direction?
- 21 A. Red.

- 22 Q. Red? So you see a lot of
- 23 reflectors when you're hauling
- 24 supplies because you probably drive
- 25 them more than anybody, I would

- 01 guess?
- 02 A. Yeah, when I'm paying
- 03 attention.
- 04 Q. It kind of just fades into the
- 05 surroundings after a while?
- 06 A. Yeah.
- 07 Q. Have you ever been instructed
- 08 on escapeways or did you just learn
- 09 the designations from talk around the
- 10 mine or was it in training class?
- 11 A. Just when they give safety
- 12 talks there.
- 13 Q. Okay. So they give you a
- 14 safety talk on the surface before you
- 15 go underground?
- 16 A. Yeah.
- 17 Q. And that's the entire mine
- 18 that would take part in those talks?
- 19 A. Yeah.
- 20 Q. Did you ever have occasion to
- 21 walk in the mine or do you always
- 22 drive?
- 23 A. I reckon I walk every now and

- 24 then.
- 25 Q. For what reasons would that
- 01 be?
- 02 A. I don't know. I don't know.
- 03 I don't know.
- 04 Q. You say you got stuck in that
- 05 mudhole down there delivering
- 06 supplies the one day, you were able
- 07 to get out of that one. Have you
- 08 gotten stuck or broken down that you
- 09 had to walk at some point?
- 10 A. Yeah. I mean, I walk ---
- 11 caught the longwall crew out.
- 12 Q. Pardon?
- 13 A. I walked and caught the
- 14 longwall crew out, dayshift crew.
- 15 Q. Okay.
- 16 A. I walked and caught them out.
- 17 Q. And how did you travel from
- 18 the mine when you did that? Did you
- 19 follow the escapeway?
- 20 A. No. I come down Nine tail and
- 21 out.
- 22 Q. Down Nine tail?
- 23 A. Yeah.
- 24 Q. Why would you come down Nine
- 25 tail rather than ---?

- 01 A. It's all downhill and
- 02 shortest.
- 03 Q. It's a real hike out of there
- 04 going uphill, isn't it?
- 05 A. Yeah.
- 06 Q. Have you ever received any
- 07 instruction on the --- and I know
- 08 this is a long phrase, but there's a
- 09 Mine Emergency Evacuation and
- 10 Firefighting Plan or a program of
- 11 instruction. Have you been trained
- 12 on that?
- 13 A. I don't remember.
- 14 Q. It may cover things such as
- 15 what do you do if there's a fire, who
- 16 goes where to fight the fire, whose
- 17 responsibility is --- it lays out a
- 18 plan on how to react to a fire.
- 19 A. I don't remember.
- 20 Q. Okay. Has anyone ever
- 21 notified you who the responsible
- 22 person at the mine is?
- 23 A. They have a sign up in the
- 24 bathhouse.
- 25 Q. A sign?

- 01 A. Yeah.
- 02 Q. And is that sign ever changed?

- 03 A. No. For all I know, the mine
- 04 foreman is --- they okay that shift.
- 05 Q. And who would that be on your
- 06 shift?
- 07 A. I think it's Pepé on my shift.
- 08 Q. Is that Pepé Lester?
- 09 A. Yeah.
- 10 Q. So would he be responsible for
- 11 evacuating the mine on your shift
- 12 then?
- 13 A. I guess.
- 14 Q. And have you worked the
- 15 afternoon shift that you've had a
- 16 different mine foreman in charge?
- 17 A. What now?
- 18 Q. Have you worked on another
- 19 shift? For instance, if you worked
- 20 afternoon shift --- Pepé's only the
- 21 dayshift foreman. Who would be the
- 22 afternoon shift?
- 23 A. Fred Horton.
- 24 Q. Fred Horton?
- 25 A. Yeah.

- 01 Q. Are you familiar with the fire
- 02 detection system in the belt lines?
- 03 A. No.
- 04 Q. Have you ever received any
- 05 training on how that system works?

- 06 A. No.
- 07 Q. Besides hauling supplies, have
- 08 you ever done any maintenance
- 09 underground on electrical equipment
- 10 or do you have those
- 11 responsibilities?
- 12 A. No.
- 13 Q. Have you ever been notified
- 14 that there is a CO warning or alarm
- 15 that you need to evacuate the mine?
- 16 A. Yeah.
- 17 Q. You have been?
- 18 A. Oh, no. I mean, I have never.
- 19 Q. You've never ---?
- 20 A. I know they got the warnings,
- 21 but I ain't never been informed of
- 22 one.
- 23 Q. Okay. So you're aware that
- 24 the warnings have occurred and the
- 25 alarms have occurred but you've never
- 50
- 01 told --- nobody's ever told you, you
- 02 need to evacuate because of that?
- 03 A. No. When the --- I do --- I
- 04 ain't never heard a CO go off, that's
- 05 what I'm saying.
- 06 Q. Okay.
- 07 A. But I do know that when they

- 08 do go off, evacuate.
- 09 Q. Okay. You don't hear the
- 10 sensors go off, that just gives a
- 11 signal to someone else.
- 12 A. Oh.
- 13 Q. The sensor just detects the
- 14 CO. So you won't hear anything.
- 15 Okay. Has anyone ever asked you to
- 16 go investigate the source of CO when
- 17 they do get those warnings or alarms?
- 18 A. No.
- 19 Q. Have you ever had to put out a
- 20 fire in a coal mine?
- 21 A. No.
- 22 Q. When you travel into the mine,
- 23 you have to call for clearance from
- 24 the dispatcher; is that right?
- 25 A. Yeah.

- 01 Q. Do you call from the box cut
- 02 before you go in?
- 03 A. Sometimes or I'll walk over
- 04 and tell them.
- 05 Q. You just walk over and tell
- 06 them you're going into the mine. Do
- 07 you have somebody you travel with or
- 08 are you mainly on your own?
- 09 A. Mainly on my own.
- 10 Q. And then once you get in from

- 11 the box cut, do you have to call
- 12 again to get clearance to travel into
- 13 the mine?
- 14 A. Oh, I'm talking about when I
- 15 leave to go in the trip.
- 16 Q. Yeah.
- 17 A. Yeah, that's when I usually
- 18 walk over and tell them.
- 19 Q. So when you tell them there,
- 20 you have clearance to travel to the
- 21 furthest extent that you're going, or
- 22 do you have to call from somewhere
- 23 else underground?
- 24 A. Call from somewhere else
- 25 underground.

- 01 Q. And where would that be?
- 02 A. Depending on how far they give
- 03 you the road check.
- 04 Q. So what typical locations
- 05 would you maybe have to call from?
- 06 A. Number One Fourway and
- 07 Threeway.
- 08 Q. And Threeway and the first
- 09 Fourway?
- 10 A. Yeah.
- 11 Q. I know this is going to be
- 12 difficult to remember, but do you

13 think you worked on December 29th of 14 2005? A. December 29th? I can't 15 16 remember. Q. Every day is about the same 17 18 _ _ _ 19 A. Yeah. 20 Q. --- unless something special 21 happens? It wasn't your wife's birthday or anything like that, so 22 23 ---. 24 A. I forget it sometimes. 25 Q. Well, that day there was a 01 fire that occurred and a couple 02 people responded to put that fire out. Did you hear of any fires on 03 04 the 29th? A. No. This is the first one I 05 06 ever heard about. Q. Oh, really? Did you have 07 fires in any of the other mines 08 09 you've worked at? A. I don't remember none. 10 11 Q. That's good. When you traveled through the airlock doors up 12 at the mother drive, do you remember 13 14 which way the air was flowing in that 15 belt entry?

16 A. No.

17	Q. The mudhole you got stuck in,
18	is that a common occurrence to see a
19	lot of mudholes in the mine?
20	A. I don't know what you'd call
21	common.
22	Q. Well, are there more than five
23	where you normally travel anyway?
24	For instance, if you're traveling in
25	the northeast mains from the mouth of
01	northeast mains to Two section, how
02	many mudholes do you have that you
03	that really stick out in your
04	mind as being something that is a
05	problem?
06	A. A problem? Just when the dip
07	the dip, I call it the dip, get
08	bad. We work on it whenever, you
09	know, have a problem.
10	Q. What do you do to work on it?
11	You just put ballast in?
12	A. Yeah. Fill it. I mean, put
13	big rock in it and make it right.
14	Q. Is there a mudhole in the area
15	of the mother drive between the
16	airlock doors, do you know?
17	A. I think there was a waterhole

- 18 there. I ain't for sure.
- 19 Q. Do you have any idea what
- 20 caused that mudhole?
- 21 A. No.
- 22 Q. Did you ever help take belt
- 23 out of the storage unit on the
- 24 longwall?
- 25 A. I can't remember.

- 01 Q. Did you ever haul any water
- 02 pipe into the mine?
- 03 A. I can't remember.
- 04 Q. Do you know what color the
- 05 fresh waterlines are in the mine?
- 06 A. Blue.
- 07 Q. Blue? Most of the waterlines
- 08 are blue, I think, in the mine.
- 09 A. Yeah.
- 10 Q. A few yellow ones. And I
- 11 don't think I asked you before, but
- 12 what time was your shift on the 19th?
- 13 A. I don't know if I started at
- 14 6:00 or 7:00 at the time.
- 15 Q. But you typically start at six
- 16 or seven o'clock in the morning ---
- 17 A. Yeah.
- 18 Q. --- on dayshift? And what
- 19 time would you quit then?
- 20 A. Try to be out by 3:00.

- 21 Q. Not always successful though,
- 22 I guess?
- 23 A. Uh-uh (no).
- 24 Q. So you weren't there at any
- 25 time at the time the fire had

- 56
- 01 occurred? You were long gone ---
- 02 A. Yeah.
- 03 Q. --- before it started?
- 04 A. I'm glad.
- 05 Q. When you hauled supplies in
- 06 for the mine rescue teams, were you
- 07 taking in any materials to build
- 08 ventilation controls, such as block
- 09 for stoppings or ventilation curtain
- 10 to build temporary controls?
- 11 A. No.
- 12 Q. What kind of supplies were you
- 13 hauling in?
- 14 A. I hauled that foam stuff,
- 15 whatever that was in them big
- 16 barrels.
- 17 Q. That's the liquid supplement
- 18 ---
- 19 A. Yeah.
- 20 Q. --- for making the foam?
- 21 A. That's about all I recall,
- 22 that's the only thing I hauled.

- 23 Q. Okay.
- 24 A. Besides water and Gatorade.
- 25 Q. When you were a shear operator
- 01 for that one week, did you ever

02 notice a problem with ventilation on

- 03 the face?
- 04 A. I can't remember.
- 05 Q. You don't remember if air
- 06 changed in quantity or direction at
- 07 all?
- 08 A. Uh-uh (no). I can't even
- 09 remember the week I ran on it. I
- 10 know somebody was taking a vacation
- 11 and I had to go up there.
- 12 Q. Do you know if the tailgate
- 13 was blocked at the time you were
- 14 there?
- 15 A. I can't remember.
- 16 Q. Do you suspect that somebody
- 17 would tell you that the tailgate was
- 18 blocked if you were running the
- 19 shearer that day?
- 20 A. You would know it.
- 21 Q. How would you know it?
- 22 A. Because you'd be cutting out
- 23 in a fall.
- 24 Q. Is there any special
- 25 provisions that the company has to

- 01 make when you do have a blockage on
- 02 the tailgate?
- 03 A. Yeah, there's supposed to be
- 04 some rescuers on a head and mid-face
- 05 and I think the tail.
- 06 Q. And how did you become aware
- 07 of those requirements?
- 08 A. From where I used to be
- 09 before. I mean, I used to run ---
- 10 work over in Independence. I used to
- 11 run the shearer over there.
- 12 Q. Okay. And that's not a Massey
- 13 mine or it is?
- 14 A. Yes.
- 15 Q. It is a Massey mine?
- 16 A. It's Massey mines.
- 17 Q. So that blockage on the
- 18 tailgate, is that a policy of the
- 19 company's or is that a regulation
- 20 they have to follow?
- 21 A. I don't know what --- if it's
- 22 a policy or a law, I don't know.
- 23 Q. You just know it needs to be
- 24 done?
- 25 A. I just know it --- what is

01 there.

02	Q. Okay. That's good. Have you
03	ever had to install waterlines?
04	A. Yeah, I installed some pump
05	line.
06	Q. At the Aracoma Mine or was it
07	the other mines?
08	A. I mean, at the Aracoma.
09	Q. Do you have any knowledge or
10	recollection of where in the mine
11	you've installed those lines?
12	A. Up in the what's that
13	called so I won't be wrong? Right
14	there at 19 break? Five headgate
15	tail, I think. Right there. A
16	little mudhole there. But it's water
17	coming out in the roadway every now
18	and then and we set a pump in there.
19	Q. So that would have been a
20	temporary installation? It wasn't a
21	hard line, the blue plastic lines?
22	A. I think it was because we tap
23	it into the other blue lines to ease
24	up on the pump line, I guess.
25	Q. It's a discharge line
01	A. Yeah.
02	Q to go outside? Okay.
03	What type of vehicle do you use to

04 haul supplies?

- 05 A. Now or before?
- 06 Q. Well, let's say before first.
- 07 A. A motor.
- 08 Q. That was before the fire?
- 09 A. Oh, no, tractor.
- 10 Q. On the tractor?
- 11 A. Yeah.
- 12 Q. Okay. And then following the
- 13 removal of that track, you went to
- 14 diesel haulage for the entire mine;
- 15 is that right?
- 16 A. Been the tractor all along. I
- 17 mean, ---.
- 18 Q. Diesel with track is that what
- 19 you had before?
- 20 A. Tractor. I mean, a diesel
- 21 tractor is what I call it.
- 22 Q. Okay. And when you haul
- 23 supplies, you don't have anybody in
- 24 that mantrip with you?
- 25 A. No.

- 01 MR. FRANCART:
- 02 Bill, do you have some
- 03 questions?
- 04 MR. TUCKER:
- 05 I have a few.
- 06 BY MR. TUCKER:

07	Q. I'll try not to repeat any of
08	the questions you've had. I'll
09	probably be real close on a few of
10	them, but bear with me if you don't
11	care. Bill was talking about the
12	supplies, you know, like you're
13	hauling in supplies and normally you
14	don't have a helper?
15	A. Uh-uh (no).
16	Q. Sometimes like do you have to
17	drop off cars, you'd pull in cars and
18	drop them off when you're hauling
19	supplies or how do you?
20	A. Usually after I bring the cars
21	back outside.
22	Q. So somebody usually comes and
23	unloads them or you unload them on
24	the other?
25	A. Yeah.
01	Q. Okay. If you have to leave
02	them, how do you get how do you
03	uncouple from them? Say if you're
04	going to have to leave a car or a
05	couple cars?
06	A. Take a jack and jack it up and
07	leave it.
08	Q. Okay. How's it connected to
09	them? Because I'm familiar with the

10 track haulage, you know.

11	A. It got like a hitch on the
12	back and you pull it, go over and sit
13	down in and just lock it down. And
14	then you got a fifth-wheel trailer.
15	Q. Okay. So do you ever does
16	any of them require somebody like to
17	put a latch down for you to uncouple
18	from them and pull it off or not?
19	A. I mean, by somebody standing
20	there which would pull it off and
21	Q. Yeah.
22	A hook up?
23	Q. Say yeah, for an
24	uncoupler.
25	A. No.
01	Q. Okay. At the I think you
01 02	Q. Okay. At the I think you mentioned on the 19th, you had taken
02	mentioned on the 19th, you had taken
02 03	mentioned on the 19th, you had taken and correct me if I'm wrong.
02 03 04	mentioned on the 19th, you had taken and correct me if I'm wrong. Taken some props to Nine tail?
02 03 04 05	<pre>mentioned on the 19th, you had taken and correct me if I'm wrong. Taken some props to Nine tail? A. Yeah.</pre>
02 03 04 05 06	<pre>mentioned on the 19th, you had taken and correct me if I'm wrong. Taken some props to Nine tail? A. Yeah. Q. Was that on the 19th?</pre>
02 03 04 05 06 07	<pre>mentioned on the 19th, you had taken and correct me if I'm wrong. Taken some props to Nine tail? A. Yeah. Q. Was that on the 19th? A. Yeah.</pre>

63

11 A. Yeah.

12	Q when you made the turn?
13	Do you recall if anybody opened those
14	doors for you or did you have to get
15	off and open them yourself? Do you
16	recall?
17	A. I can't recall. I was usually
18	by myself.
19	Q. Well, are there occasions
20	that, say, you come to those doors
21	there and I'm just talking about
22	the ones at the mother drive. Are
23	there occasions when you come there
24	to pass through there and somebody
25	opens the door for you
01	A. No.
02	Q that you can recall?
03	Okay. Have you ever came to those
04	doors and they'd already be open?
05	A. No, they ain't never been.
06	Q. Okay. You talked some about
07	like when you got hung up, you were
08	in Nine tailgate of catching the
09	longwall crew out or if you had broke
10	down or whatever, that you've
11	traveled up to Nine tailgate to catch
12	the longwall crew. When was that, do

13 you recall?

14 A. What do you mean? It was ---.

- 15 Q. Do you remember what day that
- 16 was or a time frame of when you broke
- 17 down and you had to travel up Nine
- 18 tail to catch the longwall crew out?
- 19 A. Oh, on the day I was
- 20 delivering them props.
- 21 Q. So that was on the 19th?
- 22 A. Yeah.
- 23 Q. The day of the fire?
- A. Uh-huh (yes).
- 25 Q. When you went up the tail, did

- 01 you go across the face or how did you
- 02 catch up with the crew?
- 03 A. I just walked --- just down
- 04 the entry there. I just went through
- 05 them airlock doors right down there.
- 06 I mean, I didn't even know what time
- 07 it was. I was just trying to get
- 08 outside ----
- 09 Q. Right.
- 10 A. --- because I knew it was my
- 11 quitting time.
- 12 Q. Oh, you went back and ---?
- 13 A. No. I went down.
- 14 Q. Down the tailgate?
- 15 A. The easier walk.
- 16 Q. So did you go across the jack

- 17 line?
- 18 A. No. I come behind the
- 19 longwall there. Right there.
- 20 Q. Oh, you come all the way out?
- 21 A. Yeah, I come all the way out.
- 22 Q. Oh, okay.
- 23 A. It's just an easier walk for
- 24 me.
- 25 Q. Right. Okay. Have you ever

- 66
- 01 went down like the tail entry like 02 that and go across the face to catch 03 you with the crew, just go across the
- 04 jack line, still walking all the way
- 05 down?
- 06 A. Uh-uh (no).
- 07 Q. Okay. The belt that they rob
- 08 at the mother drive, do you pull it
- 09 out?
- 10 A. No.
- 11 Q. When I say pull it out, like
- 12 once it's on a supply car ---
- 13 A. On a supply car ---.
- 14 Q. --- you don't hook to it and
- 15 pull it?
- 16 A. No.
- 17 Q. Okay. Have you ever heard any
- 18 discussions about problems at the
- 19 mother drive?

- 20 A. No.
- 21 Q. Do you ever, on occasion, haul
- 22 in like powering caps to the
- 23 longwall?
- 24 A. No.
- 25 Q. Have you ever taken part in an

- 01 equipment move at the mine?
- 02 A. What are you talking about
- 03 equipment now?
- 04 Q. Whether it be --- anything
- 05 other than like being on the section
- 06 and moving equipment. Say, if you're
- 07 tramming like an MRS or hauling a
- 08 miner or a shuttle car or a feeder or
- 09 something like that?
- 10 A. I'll haul usually longwall
- 11 stuff, like head drive and crusher
- 12 stuff.
- 13 Q. Just disassemble parts ---
- 14 A. Yeah.
- 15 Q. --- on a car or something?
- 16 A. Yeah.
- 17 Q. Okay. When you walked out of
- 18 Nine tailgate that day, you mentioned
- 19 it's right at quitting time and you
- 20 was going to try to catch the
- 21 longwall. Was you able to call

- 22 anybody or did anybody know you was
- 23 walking out?
- 24 A. No.
- 25 Q. Okay. You were by yourself

- 01 that day?
- 02 A. Yeah.
- 03 MR. TUCKER:
- 04 That's all I have,
- 05 Chad. I appreciate it.
- 06 BY MR. FRANCART:
- 07 Q. Chad, just a couple of quick
- 08 clarifying questions for you. The
- 09 week that you ran the longwall
- 10 shearer, do you remember --- I'm not
- 11 clear now either. Did you tell us if
- 12 the longwall was blocked on the
- 13 tailgate or not that week?
- 14 A. Can I tell you?
- 15 Q. Did you tell us before?
- 16 A. No, I didn't tell you it was
- 17 blocked.
- 18 Q. It wasn't blocked?
- 19 A. I can't remember.
- 20 Q. You can't remember?
- 21 A. Uh-uh (no).
- 22 MR. FRANCART:
- 23 Oh yeah, we need to
- 24 have you sign the other map up

25 here. We only signed one of

- 01 the two. So ---.
- 02 A. What other map?
- 03 MR. FRANCART:
- 04 Well, this other one
- 05 right here we had you mark.
- 06 A. Oh.
- 07 MR. FRANCART:
- 08 If you don't mind
- 09 coming up, we'll have you sign
- 10 that one. You can sign right
- 11 up in here. Again, the date's
- 12 the 11th.
- 13 A. Right here?
- 14 WITNESS COMPLIES
- 15 MR. FRANCART:
- 16 Thank you.
- 17 BY MR. FRANCART:
- 18 Q. When you haul supplies to the
- 19 longwall, who tells you where to put
- 20 the supplies?
- 21 A. They don't tell me where to
- 22 put it. I just go up there and just
- 23 find me a good break to back out.
- 24 Q. Find someplace that's empty
- 25 around the mule train or do you go

01	over toward the face more?
02	A. No. Just around just
03	anywhere in there to unload.
04	Q. I think we asked you before,
05	but just to clarify for everyone. Do
06	you ever knock stoppings when you
07	deliver supplies to any locations?
08	A. No.
09	MR. FRANCART:
10	Mr. Hardy, do you have
11	any clarifying questions?
12	ATTORNEY HARDY:
13	No.
14	MR. FRANCART:
15	Chad, on behalf of
16	MSHA, I thank you for
17	appearing here today with us
18	and answering our questions
19	and sharing your information
20	you have about the mine. Your
21	cooperation has been very
22	important as we work to
23	determine the cause of this
24	accident. Do you have
25	anything you would like to add
01	that you know that we haven't
02	asked about concerning the

03 fire? 71

Do

04 A. No. 05 MR. FRANCART: 06 Are there any answers you'd like to go back and 07 08 review and add anything that 09 we've already discussed? 10 A. As far as I know, no. MR. FRANCART: 11 12 We do ask that you not discuss your interview today 13 14 with anyone who may have 15 already been interviewed or who may be asked to give a 16 statement in the future. This 17 18 will help to ensure that we 19 obtain everyone's independent memory of what happened the 20 21 day of the accident and the 22 events surrounding the accident. 23 After questioning other 24 25 witnesses and obtaining 01 additional information, we may 02 ask you back for additional 03 questions. 04 If at some point you 05 have additional information or

06	you	remember	something	that
----	-----	----------	-----------	------

07 you didn't remember today and

08 you'd like to let us know

09 about, you think it may be

10 important, I have a couple

11 business cards here. Mr.

12 Anthony Webb, who is here

13 today and Mr. Ken Murray, who

14 is our chief MSHA accident

15 investigator. I have their

16 cards here with their phone

17 numbers. You can call them at

18 any time.

19 A. Okay. I try to leave my work

20 at work. Home business home.

21 MR. FRANCART:

22 I don't blame you.

23 A. I used to get in trouble over

24 bringing it home.

25 MR. FRANCART:

73

01 Well, the Mine Act does

02 provide certain protection for

03 individuals who participate in

04 accident investigations. And

05 if at any time you believe

06 you've been treated unfairly

07 because of your appearance

08 here today and your

09	cooperation in the
10	investigation, please contact
11	Mr. Webb or Mr. Murray and let
12	them know immediately. Bill,
13	you have a closing statement
14	also.
15	MR. TUCKER:
16	On behalf of Miners'
17	Health, Safety & Training, I'd
18	also like to thank you for
19	coming in today. And the
20	State also offers the similar
21	protection for miners, against
22	discrimination. And there's
23	my card if you need to contact
24	me about anything or think of
25	anything that may benefit the
01	investigation. This is C.A.
02	Phillips' card. He's our
03	deputy director out of our
04	Charleston office.
05	A. Okay.
06	* * * * * *
07	EXAMINATION CONCLUDED AT 2:00 P.M.
08	* * * * * *
