Electrical Apprentice Application

Date: _____ Date of Birth: _____

Please be advised that _____ Social Security No.: _____
Apprentice

Mine Permit Number: _____ Address: _____

Is an employee of _____ at our _____
Company Name Mine Name

applying for an apprentice electrical card under _____
Name of Approved Program

**An eight-hour classroom training course in the hazards of electricity must be completed before an apprentice card can be issued.*

Approved Apprentice Electrical Training. During on-site training his/her electrical work will be conducted under the direct or immediate supervision of a certified electrician. Training required by West Virginia Mining Laws, Rules and Regulations must be performed initially and continuously throughout the training period.

A minimum of 20% of the apprentice's scheduled work time will be electrical in nature and will be documented by the supervising electrician and the apprentice, both validating the experience by signature. Electrical work accrued by the Apprentice Electrician shall be documented within twenty-four hours from the time the electrical work was accomplished. The nature of the electrical work, type of equipment involved, etc., shall be thoroughly documented in a clear and concise manner. A copy of these documents must be kept at the worksite and available for inspection by authorized representatives of the WV Office of Miners' Health, Safety and Training.
