1. On or before the end of each quarter, each independent contractor registered with the West Virginia Office of Miner's Health Safety and Training as required by West Virginia code 22A-2-63(e), shall file with the Director a report covering the preceding quarter on forms approved by the Director. Such report shall contain the following information for each mine(s) where independent contractors performed work or provided services: (1) The total number of employees performing services at a mining operation. (2) The total employee hours worked at a mining operation. (3) The total reported accidents and occupational injuries that occurred to employees while performing services at a mining operation pursuant to Series 19. (4) The mine(s) identification number where employee hours were worked and/or where the accident or occupational injury occurred.

2. Reports must be filed each quarter for all Independent Contractors holding valid WV Office of Miners' Health Safety and Training permits even if no work was performed on mine property. In this case contractors would report "zero" employee hours and employment, if applicable. Note: To apply for online reporting go to minesafetywv.gov under Online Reporting click on quarterly reporting for independent contractors and submit a request.
