The Honorable Natalie E. Tennant  
Secretary of State  
State Capitol Complex  
Bld. 1, Suite 157-K  
Charleston, WV 25305

RE: Publication in the State Register

Dear Secretary Tennant:

Please publish the accompanying Memorandum in the next edition of the State Register.

Thank you for your attention to this matter.

Very truly yours,

A handwritten signature in cursive script that reads "Eugene White".

Eugene White  
Director

RE: List of Innovative Mine Safety Technology Approved for Purposes of  
The West Virginia Innovative Mine Safety Technology Tax Credit Act

DATE: April 29, 2014

---

As the Director of the West Virginia Office of Miners' Health, Safety and Training, I did not receive a list of innovative mine safety technology safety items from the West Virginia Mine Safety Technology Task Force for the current tax year. Pursuant to the requirements of W. Va. Code § 11-13BB-4, I am re-publishing, for this tax year, the same list of innovative mine safety technologies that was adopted last year. Those items on the list are:

1. Proximity detectors that have been approved by MSHA,
2. Though the Earth Mine Communication Systems,
3. Personal Dust Monitors,
4. Coal Dust Meters,
5. Cameras on underground and surface mine mobile equipment for all mobile equipment that is not currently required to possess a camera under state law.
