Re: September 15, 2010 MSHA Transcript of Heath Lilly  

Dear Mr. Page:  

The United States Department of Justice has furnished me a copy of the MSHA hearing transcript of the testimony of my client, Heath Lilly, for review and preparation of an errata sheet. Although the time for review and correction was limited, my client was able to find and make the corrections as set forth on the enclosed errata sheet. Please append this errata sheet to Mr. Lilly’s original hearing transcript and send a copy of the same to each person or entity to whom the transcript was sent prior to Mr. Lilly’s review.  

I reiterate my previous request to you that the transcript be provided to my client (or to me) for an unfettered thirty (30) day review which will allow my client sufficient time to locate additional transcript errors and necessary corrections.  

A copy of this errata sheet is also being provided to Sargent’s Court Reporting Service so that, as is the proper procedure, Sargent’s may also append this errata sheet to the original copy of the transcript.
Please confirm receipt of the attached errata sheet and that you have caused it to be affixed to all transcript copies in your possession and to others to whom you have transmitted this transcript.

Sincerely,

[Signature]
