

**Underground Mine
Foreman Application
Packet**

Directions for Mine Foreman Application

Important Note: You cannot use whiteout or cross through any letter or number on this document. If you make a mistake you must completed another document. Mistakes cannot be corrected.

Directions to the applicant: Complete Section 1 and 2. Section 3 is a Notary Public witnessing your signature. Section 4 is to be completed by the companies that are documenting your experience. Section 2 should match the Section 4 pages you get completed. You may want to wait and get the Section 4 pages back from companies before completing Section 2 so all the dates match. Use as many Section 4 pages as needed to document three or five years. When you have all forms completed fill in the box Sheet ____ of ____ on all forms. Example: If you have three pages total the first page will have Sheet 1 of 3, the second page will have Sheet 2 of 3 and page three will have Sheet 3 of 3. Staple all the pages together and submit to the local office of the West Virginia Office of Miners' Health, Safety & Training where you plan on taking the examination. The addresses of the offices are:

West Virginia Office of Miners' Health, Safety & Training – 14 Commerce Dr. - Westover, WV 26501 Phone 304-285-3268
West Virginia Office of Miners' Health, Safety & Training - 891 Stewart Street - Welch, WV 24801 304-436-8421
West Virginia Office of Miners' Health, Safety & Training - 137 Peach Court – Suite 2 - Danville, WV 25053 304-369-7823
West Virginia Office of Miners' Health, Safety & Training - 550 Industrial Drive – Oak Hill, WV 25901 304-469-8100

Section 1: This is to be completed by the applicant. Please fill in all the blanks and print clearly with a pen. In the blanks for *Mining Experience Documented on this form* you should put years and months. If you have an even number of years place a zero in the months blank. Working section experience is in MONTHS. You must have documented eighteen months working section experience to take the mine foreman examination.

Section 2: This section shows where you have worked, duties and time worked. The companies listed in this section should match the companies that are documenting your time. For example, if you worked at Joe Doe Coal Company for three years but are not having Joe Doe Company document time for you then do not list Joe Doe Coal Company in Section 2. Please remember that you must document five years of mining experience to be a mine foreman and three years to be an assistant mine foreman. After you have documented this amount of time you do not need to document additional time. For example if you have twenty years of mining experience and have worked for your current company for six years you would only have to document the six years. It would be a waste of your time to document the other fourteen years of experience. Section 2 requires you to sign and date the application and your signature must be witnessed by a Notary Public. Do not sign this form until you are in the presence of a Notary Public.

Section 3: Your signature must be witnessed by a Notary Public and they must verify that you are the person completing this application. The date you get this form notarized and the date you sign the form must be the same dates.

Section 4: This page should be completed by each company that is documenting your work experience. Directions for the person completing this form are as follows: Please document the starting and ending dates of employment for the person listed at the top of the page. If the person is still employed place the date you are completing the form as the TO date. Please list the coal company name and mine name, sign your name as the company official and then print your name and title. Also your signature must be notarized by a Notary Public.
