MINE OPERATING STATUS REQUEST

Director:

I hereby request a change in the operating status for the following underground or surface mine permit. This request is made in relation to 22A-2-63b or 22A-2-77 of the West Virginia Code. I understand that in order for an approved inactive status request to be approved all fines and penalties assessed by the Office of Miners' Health, Safety and Training pertinent to this permit must be paid or appealed and that all monthly reports must be filed before this request is granted by your office.

NOTE: This completed form is to be returned to the appropriate WVMHS&T Regional Office (addresses are listed below).
