The Honorable Jim Justice  
Governor of the State of West Virginia  
State Capitol Building  
Charleston, WV 25305

Dear Governor Justice:

In accordance with the provisions of Chapter 22A, Article 1A, Section 4 of the Code of West Virginia, I am pleased to submit the 2022 Fiscal Year Annual Report and Directory of Mines for the West Virginia Office of Miners' Health, Safety and Training.

Sincerely,

A handwritten signature in black ink that reads "H. Frank Foster".

Frank Foster,  
Director

# West Virginia Training and Conference Center and Region 3 Office

Map data ©2020 1000 ft

On April 1, 2020, the West Virginia Office of Miners' Health, Safety and Training bought a state-of-the-art training facility, formerly known as The Running Right Training Academy. The facility is now named the West Virginia Training and Conference Center.

The Region 3 office has been relocated to within the Center, offering only certification services. Operations that were formerly in Region 3 have been reassigned to either Region 2 or Region 4.

The Center is a 15 minute drive from the Southridge Shopping Center on US Route 119 South. The Center is also a 15 minute drive from Danville on US Route 119 North.

337 Industrial Dr, Oak Hill, WV 25901

 Directions

The Oak Hill regional office is located just off US 19 at the Lochgelly Road exit. Visitors arriving from Fayetteville (North) or Beckley (South) on US 19 will take the Lochgelly Rd. exit, go to the top of the hill and turn left on Industrial Drive. Turn left at the next intersection and the office will be in the first curve.

Part 49 References Mine Rescue

Per W. Va. Code § 22A-1-9, § 22A-1-11, § 22A-1-12, § 22A-1-13, and § 22A-1-24, the Director of the Office of Miners' Health, Safety and Training has the authority and responsibility to set the minimum salaries to be paid to Mine Safety Instructors, Surface Mine Inspectors, Underground Mine Inspectors, Electrical Inspectors, Mine Foreman Examiner, Assistant Inspector-at-Large and Inspector-at-Large. The new minimum salary schedule below was effective July 1, 2011 for each of these classes.

Additionally, Legislative Rule 36 C.S.R. 44 requires an additional \$325/month for each mine rescue team member.

| <b>Title</b>                 | <b>Minimum Salary</b> | <b>Mine Rescue Team<br/>Minimum Salary</b> |
|------------------------------|-----------------------|--------------------------------------------|
| Safety Instructor            | \$53,004              | \$56,604                                   |
| Surface Mine Inspector       | \$53,904              | \$57,504                                   |
| Underground Mine Inspector   | \$54,804              | \$58,404                                   |
| Electrical Inspector         | \$55,704              | \$59,304                                   |
| Chief Electrical Inspector   | \$60,504              | \$64,104                                   |
| Chief Diesel Inspector       | \$60,504              | \$64,104                                   |
| Mine Rescue Coordinator      | \$60,504              | \$64,104                                   |
| Mine Personnel Examiner      | \$61,404              | \$65,004                                   |
| Assistant Inspector-at-Large | \$62,304              | \$65,904                                   |
| Inspector-at-Large           | \$65,004              | \$68,604                                   |

## Boards and Commissions

---

### Coal Mine Safety Board of Appeals

**Coal Mine Safety Board of Appeals** is responsible for hearing appeals of notices of violations and making determinations on questions of discrimination against miners and of suspension and revocation of state-issued certifications.

Chairman: Clinton Smith

Members: Ted Hapney and Terry Hudson

**Contact:** Amanda Lambert      **Email:** [Amanda.J.Lambert@wv.gov](mailto:Amanda.J.Lambert@wv.gov)

**Address:** #7 Players Club Drive - Suite 2, Charleston WV 25311-1626    Telephone: 304-720-1122

Fax: 304-558-6711

---

### Mine Inspectors' Examining Board

**Mine Inspectors' Examining Board** is responsible for administering examinations for candidates for appointment as mine inspector; to maintain a register of such candidates; to hear and determine appeals of mine inspectors from suspension orders made by the Director of the Office of Miners' Health, Safety and Training.

NOTE: MIEB WAS ABSORBED BY THE BOARD OF COAL MINE HEALTH AND SAFETY JULY 1, 2017

### Board of Coal Mine Health and Safety

**Contact:** Mallory K. Yates, Secretary (304) 205-4120

**Email:** [Mallory.K.Yates@wv.gov](mailto:Mallory.K.Yates@wv.gov)

## West Virginia Coal Mining Industry Employment FY2022

|                          | <u>Average Employment</u> |
|--------------------------|---------------------------|
| Underground              | 9,554                     |
| Surface                  | 2,662                     |
| Independent Contractors  | 40,435                    |
| Coal Handling Facilities | 1,593                     |
| <b>Total Employment</b>  | <b>54,244</b>             |

**Note:**

Employment figures for Coal Handling Facilities are based on West Virginia Office of Miners' Health, Safety and Training Inspection Reports. Figures for Independent Contractors are based on either Monthly Reports, Inspection Reports, or information provided by the individual company on their permit application (or renewal) with this agency. Only these contractors with valid permits are included in the totals.

Independent Contractors include companies providing the following types of services (not all categories are listed):

Site Preparation, Construction, Electrical, Explosives, Vendors, Drainage, Maintenance, Trucking, Welding, Cleaning, Security, Painting, Drilling, Sampling, and Demolition.

**Notes:** **Distribution** is initial method of shipment from mine. Because distribution may cross annual year boundaries, total tons produced does not equal total tons distributed. **Total Fatalities** includes all fatalities at coal mines. Tons Per Non-Fatal Injury does not include contractor injuries, as these are already counted as an underground or surface injury. **Grand Total Of Companies Reporting** - some companies have both underground and surface permits so total is lower than the sum of underground plus surface plus contractor.

# **APPENDIX**

- TERMS AND DEFINITIONS
- AGENCY FEE SCHEDULE
- COUNTY CODES
- COAL SEAM CODES

## **TERMS AND DEFINITIONS**

### **NUMBER OF MINES**

The WV Office of Miners' Health Safety and Training issues quarterly and annual figures regarding the number of mines in West Virginia. The annual figure represents the total number of surface and deep mines which held valid permits during the year. Quarterly figures reflect the total number of surface and deep mines with open permits (have not been permanently closed) during a quarter.

### **NUMBER OF COMPANIES**

This figure represents the total number of mining companies with valid permits. This does not include sub-contractors or affiliated companies. For example: Mark Coal Company may have 6 permits in its own name and another 10 permits listed in various contractor's names. In the statistics collected by Miners' Health Safety and Training, Mark would be counted as one company, and the contractors as 10 other companies.

### **NUMBER OF TONS MINED, TONNAGE OR PRODUCTION**

All relate to the same thing, i.e. the amount of mineral resource extracted in the mining process. The quarterly production report represents "the actual raw tonnage mined." (Code section revised 2016)

### **DELINQUENT TONNAGE**

This is tonnage reported to Health Safety and Training late, in violation of 22A-2-77 of the WV mining laws.

### **DISTRIBUTION OF TONNAGE**

This figure represents the method of shipment of coal from the mine. The reported distribution does not need to agree with reported tonnage figures, because coal may be stockpiled and shipped months after it was produced.

### **ACCIDENT**

The term accident shall mean any mine explosion, mine ignition, mine fire, or mine inundation, or injury to, or death of any person." [West Virginia Mining Laws 22A-1A-1]  
The following terms relate to accidents involving injuries:

- 1) Fatal Accident. An on-the-job accident resulting in death to the victim.
- 2) Non-fatal Accident. An on-the-job accident which does not result in death to the victim. There are two classifications of non-fatal accidents:
  - a) Non-fatal Lost-time Accident -An injury which results in the injured person missing their next scheduled work shift.
  - b) No Lost-time Non-fatal Accident - The injured person remains on the job or reports for his or her next scheduled work shift.

**NUMBER OF DAYS MINE OPERATED, or NUMBER OF DAYS WORKED**

This figure indicates the number of days in the quarter or year that the mine actually produced coal.

**TOTAL NUMBER OF EMPLOYEE HOURS**

This figure is the total number of hours worked by all employees on the bonded area of a permit.

**AVERAGE NUMBER OF DAYS WORKED**

This figure is the total number of days worked divided by the number of reports received showing days worked.

**NUMBER OF EMPLOYEE DAYS WORKED**

This figure is the total number of employee hours divided by 7.9 for underground miners, or 7.25 for surface miners. The average work-day length is based on the UMWA-BCOA contract. For the Annual report, this figure is calculated for each mine; the mine totals are summed for county totals.

**NUMBER OF TONS MINED PER DAY**

This figure is the total tons produced divided by the total number of days worked. This is calculated for each mine, then summed for county totals.

**AVERAGE DAYS PER EMPLOYEE**

This figure is calculated for each company by dividing the total employee days worked by the total number of employees.

**NUMBER OF TONS MINED PER EMPLOYEE PER DAY**

This figure is calculated for each county by dividing the total number of tons mined per day by the total number of employees.

**NUMBER OF TONS MINED PER EMPLOYEE PER YEAR**

This figure is calculated for each county by dividing the total production by the total number of employees.

**NUMBER OF EMPLOYEES**

All mines are required to report employment figures quarterly. This total includes all personnel on the bonded area of the permit. From these figures, the Office of Miners' Health & Safety prepares quarterly and yearly statistics. The quarterly figure is simply the total number of reported employees for a given quarter.

The yearly figure is the average number of reported employees for the year. The average is based on the number of months the mine had reported employment. For the Annual Report, the average number of employees per mine is totaled for each county, and subsequently for the State.

Annual Report figures are higher than the monthly figures because the annual figures include employment at mines which were idle during the year and mines which permanently closed. For example, a mine may have reported twelve employees in January, and either permanently or temporarily closed for the rest of the year. The average annual employment for that mine would be shown as twelve.

Comparisons of employment statistics should take into account the various methods and requirements concerning the collection of such statistics. In past years, certain employment figures were estimated rather than calculated, (1919 Annual Report). Also, for some years, various types of mines were exempt from the reporting requirements.

The historical differences in mine employment data compiled by the WV Office of Miners' Health Safety, and Training and that compiled by the Division of Employment Security figures can be attributed to reporting requirements. Employment Security figures represent more of an "industry" total while the Miners' Health, Safety & Training's statistics are primarily production related. Under current mining laws, a mine is required to report only those employees working at the mine site. Employees other than those at the mine site are not required to be reported to the Miners' Health, Safety & Training; for example, mine companies with central shops, offices, and other facilities not located on a mine permit, would not include those employees in reports to the Miners' Health, Safety & Training. Another example would be tipples or prep plants or other coal handling facilities not associated directly with a mine site. At present, there are no laws requiring employees at these facilities to be reported to the Office of Miners' Health and Safety.

#### **NUMBER OF TONS MINED PER INJURY**

This is calculated for both deep and surface mines and for fatal and non-fatal injuries. The formula is the total number of tons mined divided by the total number of injuries.

#### **ACCIDENT FREQUENCY RATES**

This is calculated for both deep and surface mines for fatal and non-fatal injuries. The formula is injuries multiplied by two hundred thousand, divided by the total number of employee hours.

#### **MINER CERTIFICATION**

This is a license issued to individual miners to perform various tasks at a mine site.
